"GOOD GOVERNMENT LEAGUE" PARTY FORMED BY TWENTY-ONE ENTHUSIASTS

War on "The Ring" Is the Slogan of New Party in El Paso.

El Paso has a new political party. It was born Thursday night on the top floor of the El Paso Storage warehouse, at the corner of Stanton and First street, and christened the "Good Government League."

Twenty-one men signified their intention of fighting the county "ring" when they signed their names as members of the new party. Then they adjourned to meet on Monday, Nov. 6, at the office of George Pence, 205 Texas street.

Frank Bell and C. L. Grass, the latter the editor of the Blazer, were the organizers of the new party and they were in attendance and took a prominent part in the first meeting.

Thirty-four men were in attendance

at the meeting which was called to order by C. L. Grass. He was elected chairman and E. F. West was chosen secretary.

Bell Explains System.
Frank Bell explained the working of the free block system of campaigning as practiced first in New York by the Fusionists in their successful fight on Tammany Hall, later at Seattle, Wash., at San Francisco and Los Angeles, Cal., in a modified form.

Explaining this method, Bell used a platform on which he described the part played by the precinct chairman, his superiors and theirs in turn, each endeavoring to secure five voters and each precinct being composed of 21 voters, including six precinct captains.

He said that this system had been worked successfully in defeating rings in eight cities and could be worked to advantage in El Paso. Discussing his reason for trying to defeat the El Paso County "ring," he said: "I am against a 'ring' because it does not give everybody a square deal."

Discussion Over Name.
Grass proposed that the new organization adopt the initiative, referendum and recall as the first plank of its platform. Mr. F. Kelly, who is not related to the mayor, proposed that the organization be known as the Good Government League. Objection was made to this by William Milner, a Socialist, who said: "My experience with good government leagues forbids me from sanctioning that name. You have taken three important issues from the Socialist platform and if they are good enough, why not adopt the name Socialist?"

Henry Rayner objected to this. He said: "I am a Democrat but it does not matter. We should all get together and work under a non-partisan name. People will not vote for the ticket if the name is Socialism. I am opposed to that name."

A TRIAL GAVE INSTANT RELIEF—THE GREAT KIDNEY REMEDY NEVER DISAPPOINTS.

Being broken down in health, suffering with kidney trouble, despairing of ever being well again, I was advised by a friend to try Dr. Kilmer's Swamp-Root which gave me instant relief, and after using several bottles I am now sound and well, and can safely recommend Swamp-Root to anyone suffering with back or kidney troubles.

I also had rheumatism, and I have had more relief from Dr. Kilmer's Swamp-Root than any other remedy. A sufficient trial will convince anybody of the merits of Swamp-Root.

Yours very truly,
P. E. NELSON,

A CERTAIN CURE FOR CATARRH

The mucous membranes of the nose and throat are exposed to the irritating influence of dust, impure air, etc., and for this reason are the places Catarrh usually first manifests itself. But these are simply exciting causes, the inflammation and discharge being really produced by an impure and vitiated condition of the blood. It is well enough to use some local treatment to cleanse these membranes, but any one can readily see that if the inflammatory matter is left in the blood, such treatment cannot possibly have any permanent effect. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter and irritating germs and at the same time builds up the system by its fine tonic effects. When S. S. S. has purified the blood, the mucous surfaces are all nourished and made healthy. There can be no inflammation of the membranes then, because the blood is pure, and every tissue receives nourishment instead of irritating matter. Our book on Catarrh will interest every sufferer of this disease, and it will likewise give proper advice as to what is best to use as a local aid while S. S. S. is purifying the blood. This book is free to all, and we will also be glad to give any special advice you may feel you need. S. S. S. is sold at drug stores.

BRIGHT'S DISEASE
Late estimates on the percentage of recoveries under the new emollient treatment for Bright's Disease are as follows:
Where patient is much weakened and crises may be expected in from five to ten days, probably not more than 10 percent to 30 percent recover. Where physicians aid with efforts to restrain fatal symptoms this percentage is increased. In cases where patients have the efficiency is very much higher.
Where patients do not wait until bed-ridden probably three-fourths yield. And in cases that take the new emollient treatment on the appearance of the disease nearly nine out of ten recover.
Albumen Casts and dropsy do not prevent recovery. The point is that the renal inflammation should be attacked before the heart and physical system are broken down.
The new emollient treatment is known as Fulton's Renal Compound. It can be had in El Paso from Kelly & Polk, wholesale and retail agents.
We desire every patient to write us who is not noting the usual improvement by the third week. Literature mailed free. Geo. J. Fulton Co., 645 Battery St., San Francisco, Cal.
We invite correspondence with physicians who have obstinate cases.

GIVES CARLOAD OF APPLES TO THE POOR

Roswell, N. M., Oct. 27.—The most recent advertising scheme in the credit of Roswell is the purchase of a carload of apples to be sent to the poor of Chicago. F. Cromwell, a newcomer from the northwest, is the promoter. Mr. Cromwell made a splendid showing during the exposition by decorating his automobile with apples. He is this week circulating a subscription list to raise \$500, and with this sum will buy a carload of bulk apples that will be taken to Chicago and given to the poor of that city in the name of Roswell, N. M. This splendid advertisement will be secured.
Upon the car will be a banner with the words: "To the Poor of Chicago From Roswell, New Mexico." The apples will be placed in small baskets, eight or ten in the basket, and each basket will be given to each family. A car with a capacity of 30,000 pounds will be secured.
Mr. Cromwell expects to go to Chicago in a few days and unless better facilities are secured, will see to the distribution himself. He started the subscription list with a donation of \$50.
